

We are opening our doors!!!! Kind of.....

As of June 14th we will be re-opening our exam rooms to clients that would like to come in for their pets appointment. Curbside appointments are still available for those who are more comfortable waiting in their car. For all in room appointments we ask the following:

- Wait in your vehicle and call when you arrive to check in. A technician will take your pets history over the phone, when a room is ready the technician will let you know and will meet you at the door to escort you and your pet inside the building and into your room.
- Only 1 adult allowed in with the pet
- All staff and clients will be required to wear a mask
- Temperatures will be taken before entering the building, anyone over 100.4 will not be allowed entry
- You will need to apply hand sanitizer once in the exam room
- We will be enforcing social distancing measures in the exam rooms during the appointment
- Each room will be thoroughly cleaned between appointments. All countertops, tabletops, benches ,and door handles will be wiped down

Entry into the building is only for those pets with appointments. We ask that if you are picking up medications or food, dropping off or picking up a pet for surgery or for grooming that you continue with the curbside service and call from your car when you arrive.

We have missed you!!!! And we are all very excited to have you back in the building with us so we can see (most of) your faces again!! We look forward to seeing you soon!!
